Savitz LA, S35, S50  
Swiger KD, S35, S50
- W**  
Weiner BJ, S35, S50

## Subject Index

- A**  
adaptation (Stage 3b), S2  
adoption, S52  
    stage, S67  
    strategies, specific, S35, S38, S50  
    defined, S36  
awareness stage, S67
- B**  
Bernalillo MADD VIPs, S24, S25 (Table), S26  
Breakthrough Series, Institute for Healthcare Improvement, S35
- C**  
community health centers, diabetes registries, S50  
community-based research, S7
- D**  
diabetes  
    management, adoption and implementation strategies, S35, S50  
    mandated registries, S50  
diffusion (Stage 5), S3  
Diffusion of Innovation model, S1, S10, S22, S36, S50, S67  
dissemination (Stage 1), S1  
    of research, S9
- E**  
evidence, practice-based, S6  
evidence-based interventions, dissemination of, S66
- G**  
guidelines for promotion physical activity, S66
- H**  
Health Disparities Collaborative (HDC), S50
- I**  
implementation (Stage 3a), S2, S54  
    defined, S36  
    effectiveness, S55  
    stage, S67  
    strategies, specific, S35, S38, S50  
innovation, defined, S36  
Institute for Healthcare Improvement, Breakthrough Series, S35  
institutionalization (Stage 4), S2  
intent to adopt (Stage 2), S1  
interventions, evidence-based, dissemination of, S66  
Institute of Medicine (IOM) recommendations for PRCs, S6
- L**  
La Plaza Diabetes Wellness Connection, S24, S25 (Table), S27  
Las Cruces Clean Indoor Air Ordinance, S24, S25 (Table), S26  
linking systems, S3, S21
- M**  
maintenance stage, S67  
Mothers Against Drunk Driving (MADD), S24, S25 (Table), S26  
Mouse-Proofing Project, S24, S25 (Table), S26
- N**  
Northwest New Mexico Fighting Back, S24, S25 (Table), S26
- P**  
participatory research, S7  
Pathways to Health, S24, S25 (Table), S27  
physical activity, evidence-based guidelines, S66  
practice strategies for adoption and implementation, S35  
practice, translating prevention research, S9  
practice–research gap, S1  
PRCs, Institute of Medicine (IOM) recommendations, S6  
Prevention Research Centers (PRC), S6  
prevention research, S1, S6, S9, S21, S35, S50, S66  
    conceptual model, S1  
    defined, S21  
    translation into practice, S9, S21, S35, S50, S66  
    utilization of, S1, S9, S50, S66  
public health research, S7
- R**  
registries, diabetes, mandated, S50  
replication (Stage 5), S3  
research  
    development (Stage 0), S1  
    network, practice-based (PBRN), S7  
    utilization, framework for, S21  
    stages, S1, S2 (Figure), S12  
    prevention, S6  
    conceptual model, S1  
    defined, S21  
    utilization of, S1, S9  
    public health, S7  
research–practice gap, S1

resource systems, S3, S21

Rogers, Everett, Diffusion of Innovation  
model, S1, S10, S22, S36, S50, S67

routinizing, S42

**S**

San Juan County DWI Project, S24, S25  
(Table), S26

systems

linking, S3, S21

resource, S3, S21

user, S3, S21

**T**

technology transfer, S21

translation of research into practice, S9, S21

**U**

user systems, S3, S21

**V**

VIP, MADD victim impact panels, S24,  
S26
