Medical Staff Dress Code

Medical Staff will adhere to the General and/or specific department SRMC Dress Code.

In addition, the Medical Staff will dress in professional attire in the OP and IP setting (when not wearing scrubs)

- For men, this includes dress suits or blazers or collared dress shirts with or without neckties, belted dress trousers, belts and socks. Long white coats should be worn in the IP units. Long white coats are encouraged but optional in the OP setting.
- For women, this includes dress suits, blazers, dress skirts, dress blouses and dress slacks. Long white coats should be worn in the IP units. Long white coats are encouraged but optional in the OP setting.

Scrub use: Scrubs are to be worn in the OR setting or while on call. Long white coats are to be worn over the scrubs when not in the OR setting.
