UNMH Pharmacist Clinician Privileges

Name:  
Effective Dates: ____________ To: ____________

All new applicants must meet the following requirements as approved by the UNMH Board of Trustees effective: 02/20/2015

INSTRUCTIONS

Applicant: Check off the "Requested" box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

OTHER REQUIREMENTS

1. Note that privileges granted may only be exercised at UNM Hospitals and clinics that have the appropriate equipment, license, beds, staff, and other support required to provide the services defined in this document. Site-specific services may be defined in hospital or department policy.

2. This document defines qualifications to exercise clinical privileges. The applicant must also adhere to any additional organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

POLICIES GOVERNING PRIVILEGES

Pharmacist Clinicians carry out clinical pharmacy practice within the scope of the additional training required by regulations adopted by the New Mexico Board of Pharmacy in consultation with the New Mexico Board of Medical Examiners and will exercise prescriptive authority in accordance with guidelines or protocol.
Qualifications for Pharmacist Clinician

**Initial Applicant** - To be eligible to apply for privileges in pharmacist clinician, the initial applicant must meet the following criteria:

- Professional PharmD degree from an ACPE-accredited school or college of pharmacy, and current New Mexico Pharmacist (RPh) License, and current Pharmacist Clinician (PhC) license

AND

- Successful completion of a one year professional pharmaceutical (clinical residency or fellowship) training in clinical pharmacotherapy within a clinical setting OR one year of commensurate clinical work experience

AND

- New Mexico Board of Pharmacy Pharmacist Clinician Approved Protocol copy submitted as attachment with UNMH credentialed supervisor

**Required previous experience**: Applicants must be able to demonstrate active clinical practice since completion of postgraduate training in the provision of services, reflective of the scope of privileges requested, or successful completion of a hospital affiliated residency, special clinical fellowship, or research within the past 12 months.

**Reappointment (Renewal of Privileges) Requirements** - To be eligible to renew privileges in clinical pharmacy, the reapplicant must continue to meet the appointment criteria and must meet the following maintenance of privilege criteria:

- Current demonstrated competence and an adequate volume of experience with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Included documentation of PhC registration with NM State Medical Board. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges.
Pharmacist Clinicians may provide pharmaceutical care to patients at the University Hospital and associated clinics. May provide medication therapy management to patients at the University of New Mexico Hospital and associated clinics. PhCs will collaborate with a physician or physicians who are currently appointed to the active or consulting medical staff within a scope of practice in the same area or specialty practice as the PhC. The supervising physician will provide collaboration with the PhC, provide consultation when requested, and assume responsibility for the care of the patient when requested by the PhC or in the interest of patient care. A PhC may provide other health care professionals with medication information and provide patient education materials and counseling concerning their disease state, risk factors, therapeutic lifestyle change recommendations, medication regimens, and monitoring parameters.
