

*Frontier Programs:
Our Heritage Meets Our Future*

Hall of Discovery

The Hall of Discovery, a Domenici Center exhibit program managed by the Health Sciences Library and Informatics Center, promotes an understanding of the history, scientific advancements, and current issues surrounding health sciences in the state of New Mexico.

The program and its exhibits are designed to inspire the next generation of healthcare professionals, the HSC faculty, staff and partners as they address the most important questions of human health, so that they may draw strength and perspective from what is known today while recognizing new challenges for tomorrow.

Your donation will allow us to develop new and exciting exhibits and special programs that will do just that – inspire the next generation. Along with developing exhibits, the Hall of Discovery hosts national traveling exhibits, such as the National Library of Medicine's *Frankenstein: Penetrating the Secrets of Nature*. Your donation would enable us to bring more special programming onto campus.

The Hall of Discovery is located in the public spaces of the Domenici Center for Health Sciences Education on the UNM North Campus.

For more information, please call Laura Hall, Manager, Special Collections, at (505) 272-6518

DONATION TO HSC HALL OF ACHIEVEMENT

Name (print) _____ Telephone _____
