physicians for the whole family

d e p a r t m e n t o f f a m i l y & c o m m u n i t y m e d i c i n e

The UNM School of Medicine consistently ranks in the top ten medical schools in the country for primary care and family medicine by U.S. News & World Report. The family physicians in the Department of Family & Community Medicine offer the full range of high quality health services for you and your family including:

- Family Medicine
- Adult Medicine
- Gynecology
- Counseling/Behavioral Health
- Prenatal Care
- Obstetrics
- Pediatrics
- Geriatrics
- Adolescent Care
- Sports Medicine
- Outpatient Procedures
- Public Health Immunization

Family physicians are committed to fostering health and integrating health care for the whole person by humanizing medicine and providing science-based, high-quality care. Family physicians develop ongoing relationships with their patients, and care for individuals and their families. Family physicians are committed to continuing, compassionate, comprehensive and personal care for their patients and their families.
