

THE CENTER FOR PARTICIPATORY RESEARCH WITH THE
CLINICAL AND TRANSLATIONAL SCIENCE CENTER (CTSC)

Present the

COMMUNITY ENGAGEMENT AND RESEARCH SEMINAR SERIES

UNM HSC Domenici Center Room 3010

CBPR/Community Engagement Grant Writing Workshop

Facilitated by:

Nina Wallerstein Dr.P.H.

Suggested reading: Seifer, S.D. (2008) Making the best case for Community-engaged scholarship in promotion and tenure review. In Minkler, M. & Wallerstein, N. (Eds.). (2008) *Community-based Participatory Research for health: from process to outcomes*. (pp. San Francisco: Jossey-Bass

Can be found at: <http://hsc.unm.edu/som/fcm/cpr/>

This workshop will cover CBPR grant opportunities, NIH guidelines for review of CBPR proposals, and methods for evaluating community-based partnerships. Handouts will be provided.

Community Based Participatory Research is an approach to research that:

- engages researchers and community members equally in the research;
- employs local and cultural knowledge in an understanding of health;
- combines knowledge and action for community health improvement.

Save the Date: Dec. 9th, 2008, Fall CBPR Seminars

Co-sponsored by: Center for Participatory Research, Institute for Public Health, Office of Community Health in partnership with the Department of Family and Community Medicine; Partnership Health Research Unit, CTSC; Center for Native American Health/Native American Research Centers for Health (NARCH); RIOSNet; and UNM RWJF Center for Health Policy
