

This week, November 6 – 12, we are celebrating Compliance Week at UNM!

Over the course of the past few weeks, the UNM Health and Health Sciences Compliance department shared information in the UNM HSC, UNM SRMC, UNM Medical Group, and UNM Hospitals' communication outlets about some of the compliance services, tools, and components that make-up an effective compliance program.

We hope you have found the information to be both enlightening and helpful!

As we kick off Compliance Week at UNM, the Compliance team would like to extend its appreciation to leadership, employees, learners, and our various Compliance partners throughout the University for your commitment in supporting, promoting and fostering a culture of compliance and creating an environment that encourages open communication.

It truly takes each of us working together toward attaining a mutual goal to *do the right thing*. - [view our full schedule of events here!](#)

The Compliance Team remains dedicated to being your trusted business partner in advancing a culture where compliance is an inherent part of our success.
