
**Pulse VPN (New VPN Pilot)**

Log into https://vpn.health.unm.edu to register for VPN and download the client.

If you need to re-install the client or if the install fails, you can manually install these clients:

**Windows**

- [PulseSecure VPN Client (.msi)]

**Apple Mac**

- [PulseSecure VPN Client (.dmg)]

**Linux**

- [Ubuntu/Debian PulseSecure VPN Client (.deb)]
- [Redhat/Centos PulseSecure VPN Client (.rpm)]

2. Run the install, and click next.
3. Click Install.

![Install Pulse Secure](image)

*Click Install to begin the installation. Click Back to review or change any of your installation settings. Click Cancel to exit the wizard.*

4. If you have User Account Control enabled, click Yes.
