

NM ACRE FY27 Fall

REGISTRATION OPEN NOW!

NM ACRE is a comprehensive training designed to prepare professionals in supported employment best practices. It is rooted in New Mexico culture and efficiently formatted to reduce credentialing time with an accessible online interactive learning platform and shaped by learner feedback. Over the course of 16 weeks, you will attend 12 live Zoom meetings and complete self-paced online learning.

The NM ACRE is an online training series developed by UNM/CDD Partners for Employment to address best supported employment practices. This training is at no cost to you due to our generous funders: UNM Center for Development and Disability, New Mexico Health Care Authority/Developmental Disabilities Support Division, and The New Mexico Division of Vocational Rehabilitation.

If you have questions or are experiencing difficulty registering, contact us at HSC-ACRE@salud.unm.edu.
