Description and Educational Needs Assessment

Venom Week 2007 will be an international conference on terrestrial venomous creatures, their venom, and the medical effects of venom. The World Health Organization estimates that 5 million snakebites occur annually, 2.5 million of which involve venom injury and 125,000 of which result in death.

Target Audience

It is anticipated that approximately 300 professionals in the fields of emergency medicine, medical toxicology, veterinary medicine, nursing, pharmacy, herpetology, arachnology, antivenom manufacturing, and captive collections management will attend the week-long conference.

Annual statistics provided by the American Association of Poison Control Centers show that in the U.S. in the year 2004 there were over 3,000 bites by venomous snakes, over 19,000 bites by spiders, and nearly 15,000 scorpion stings.

Venom Week 2007 will provide attending practitioners and researchers the most up-to-date information on the animals themselves and on treatment of snakebite, scorpion sting and spider bite. The conference will be held at the Arizona-Sonora Desert Museum all day on Monday and in the afternoon on Tuesday with the conference being held Tuesday morning, and all day Wednesday, Thursday and Friday at the Hilton Tucson El Conquistador Resort.

Monday and Tuesday at the Arizona-Sonora Desert Museum will be of particular interest to animal scientists.

Objectives

At the end of the conference, the participants will be able to:

- Characterize the medically important terrestrial reptiles and arthropods involved in envenomation
- Describe the medical consequences of envenomation
- Study and review the principles and practice of antivenom use
**Accreditation**

**MEDICINE** – The University of Arizona College of Medicine at the Arizona Health Sciences Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Arizona College of Medicine at the Arizona Health Sciences Center designates this educational activity for a maximum of 26.75 AMA/PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**AAFP** – Determination of credit is pending.

**NURSING** – Determination of credit is pending.

**EMT** – Determination of credit is pending.

**VETERINARY** – Determination of credit is pending.

**Acknowledgements**

The University of Arizona College of Medicine at the Arizona Health Sciences Center is pleased to acknowledge contributions to this program by unrestricted educational grants from our

**Platinum supporters**
Laboratorios Silanes
Instituto Bioclon
Rare Disease Therapeutics, Inc.

and

**Silver supporter**
Fougera *(a Division of Altana, Inc.)*

---

**CALL FOR ABSTRACTS:**

The conference organizers cordially invite proposals for individual papers for the Venom Week 2007 conference.

Please submit all abstracts via the Venom Week Website: [www.ocme.arizona.edu/venom-week/call_for_abstracts.cfm](http://www.ocme.arizona.edu/venom-week/call_for_abstracts.cfm)

Abstracts submitted prior to August 1, 2007 will be eligible for selection as platform presentations

An award will be presented for the best student poster
(Supported by The Natural Toxins Research Center at Texas A&M University, Kingsville, TX)

**Poster Size:** Maximum 4 ft. x 4 ft.
Registration and Tuition

Checks must be made payable to: The University of Arizona Foundation

Tuition fees are:

Tuition paid to The University of Arizona Foundation is not a tax-deductible gift contribution. Tuition, meals and lodging may be tax-deductible as educational expenses. Check with your tax advisor.

Special Assistance

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Denise Garrett, (520) 626-7832 or uofacme@email.arizona.edu. Requests should be made as early as possible to allow time to arrange the accommodation.

Cancellation and Refund Policy

No refunds will be available for cancellations. However, substitute participants will be accepted. Please notify the OCME to make changes to your registration status.

Accommodations
The Hilton El Conquistador Resort

The Hilton El Conquistador Resort and Country Club is situated on 500 acres of high Sonoran Desert, just northwest of Tucson in the Santa Catalina Mountains and provides many opportunities to enjoy nature in this fascinating desert habitat. The most prominent landmark seen from anywhere on the resort grounds is the majestic face of Pusch Ridge, the protected home of some of the few remaining big horn sheep in Arizona. The sheer granite cliff, rising 2,000 feet directly behind the resort, is a constant promise of outdoor adventure.

Every facet of El Conquistador is designed to draw you into a laid-back lifestyle: 428 luxurious rooms, suites and casitas, 5 enticing restaurants, 2 complete fitness centers with spas and saunas, massage therapy, regulation racquetball, basketball, tennis and volleyball courts, as well as 4 outdoor swimming pools, equestrian center, hiking, mountain biking, jogging trails and golf. The resort offers 45 holes of challenging high-desert golf. Each hole has its own, unique character and offers intriguing play for every skill level.

El Conquistador is the only resort in Southern Arizona with on-site stables and an equestrian program. Choose from many organized rides like a romantic sunset champagne ride, moonlight hay ride or the most popular, the breakfast ride.

The group’s block of rooms will be held until August 10, 2007. After this date, reservation requests will be accepted on a space-available basis. Reservations are to be made directly with the Resort by calling (800) 325-7832 or call direct, (520) 544-5085. In order to qualify for the special group rate of $109 per night (single or double occupancy) plus tax, mention that you are attending The University of Arizona’s Venom Week 2007. It is advisable to make your room reservations early.

For a virtual tour of the Resort, go to www.hiltonelconquistador.com

DIRECTIONS:
From Tucson International Airport
Follow I-10 west to Ina Rd. (Exit 248). Turn right on Ina Rd. and travel east for about 5.3 miles to Oracle Rd. Turn left onto Oracle Rd. and continue 2.5 miles to El Conquistador Way. Turn right and the Resort will be on your right.

From Phoenix
Follow I-10 east to Tangerine Rd. (Exit 240). Turn left on Tangerine Rd. and travel east for about 13.5 miles to Oracle Rd. Turn right onto Oracle Rd. and continue 3.3 miles to El Conquistador Way. Turn left and the Resort will be on your right.

ATTIRE: Attire will be Arizona casual (includes wide-brim hats, sunglasses, and lightweight fabrics). Sunscreen to protect the skin is recommended year round. Tucson’s average daytime temperature is 93° with the evening low of 68°. Since meeting room temperatures and personal comfort levels vary, it is recommended that you bring a sweater or jacket to the educational activities.

The Arizona-Sonora Desert Museum

The Arizona-Sonora Desert Museum is a world-renowned zoo, natural history museum and botanical garden, all in one place! Exhibits re-create the natural landscape of the Sonoran Desert region so realistically you find yourself eye-to-eye with mountain lions, prairie dogs, Gila monsters, and more. Within the Museum grounds, you will see more than 300 animal species and 1,200 kinds of plants. There are almost 2 miles of paths traversing 21 acres of beautiful desert.

Exhibits are living exhibits, which simulate natural habitats and their interrelationships of plants, animals and geology. Our plants, animals, minerals, and fossils are native to the Sonoran Desert region, with very few exceptions (an African euphorbia, for example, to illustrate convergent evolution, or a meteorite to interpret very early Earth history).

The animal collection consists of:
• 106 mammals of 31 taxa
• 241 birds of 72 taxa
• 361 reptiles of 86 taxa
• 122 amphibians of 23 taxa
• 10,700 fish of 9 taxa
• 840 arthropods of 78 taxa

North Adelaide, South Australia
MONDAY, September 3

7:00 - 8:00 am   Continental Breakfast (at El Conquistador Resort)
8:00 - 9:00 am   Registration (at Desert Museum)
7:30 and 8:00 am  Buses to Arizona-Sonora Desert Museum
9:00 - 9:10 am   Welcome and Introduction

Morning Session: Venom Biology

9:10 - 9:50 am   Arachnids ........................................ Greta Binford, PhD
9:50 - 10:30 am  Reptiles ........................................ Bryan Fry, PhD
10:30 - 10:45 am  Break
10:45 - 11:25 am  Individual Variability in Southern Pacific Rattlesnake Venom ........................................ Elda Sanchez, PhD
11:25 - 11:45 am  Abstract Presentations
11:45 - 12:00 pm  Panel Q&A
12:00 - 1:00 pm  Lunch

Afternoon Session: Veterinary Envenomations

1:00 - 1:50 pm  Veterinary Envenomations .......................... Kathy Orr, DVM
1:50 - 2:40 pm  Veterinary Envenomation Abstract Presentations
               Moderator: ........................................ James Jarchow, DVM
2:40 - 3:00 pm  Break
3:00 - 3:45 pm  Veterinary Envenomation Abstract Presentations (Continued)
               Moderator: ........................................ James Jarchow, DVM
4:00 pm  Buses return to resort
5:30 - 6:30 pm  Welcome Reception at Resort (Dinner on own) (Posters and Exhibits)
7:00 - 10:00 pm  Sonoran Desert Jeep Tours or Poolside Movies (Optional)

TUESDAY, September 4

7:00 - 8:00 am  Continental Breakfast and Registration (at Resort)

Morning Session: Antivenom Issues

8:00 - 8:25 am  Clinical Perspectives .......................... Steven Seifert, MD, FACMT, FACEP
8:25 - 8:55 am  Zoo Perspectives ................................ Don Boyer
8:55 - 9:20 am  Preclinical and Clinical Assessment of Antivenoms  ..  José-María Gutiérrez, PhD
9:20 - 9:40 am  Break (Posters & Exhibits)
9:40 - 10:05 am  FDA Perspectives .......................... Dorothy Scott, MD
                  ........................................ Paul Maher, MD
10:05 - 10:30 am  Developing and Manufacturing Perspectives  ..  Jorge Paniagua, MD
10:30 - 11:00 am  Panel Discussion
11:00 - 12:00 pm  Lunch (at Resort)
12:00 pm  Buses to Arizona-Sonora Desert Museum
