The UNM Health Sciences Center (HSC) Office for Diversity, Equity & Inclusion is pleased to announce the Black Health Care Careers Expo in Fall 2024. The Health Care Careers Expo is designed to develop and assist Black/African American high school students in navigating available UNM programs, resources, as well as provide students with early exposure to health sciences career tracks. The in-person free event will consist of:

- **Networking opportunities with health professions students**
- **Campus and Community resources**
- **UNM Health Sciences academic programs**
- **Presentations from health professionals**
- **Hands-on experiences related to health careers**
- **STEAM-H workforce development activities**
