COMMUNITIES to CAREERS

Looking for a jumpstart on your health career degree?

Undergraduate Health Sciences Enrichment Program (UHSEP)

June 7 – June 24, 2026
At The University of New Mexico in Albuquerque, NM

The UHSEP Experience

- Campus Life Experience – Spend 3 weeks on UNM Main Campus (Housing and Food Allowance covered by program).
- Create a personalized roadmap towards your health professions program.
- Understand and develop the skills, tools, resources, and professional network that will impact your undergrad career success.
- Increase your awareness of the urgent need for diverse healthcare in our state.

Activities may include:

- Sessions to develop study strategies
- Campus resources & Health Program Networking
- Presentations from health professionals
- Community-based service-learning projects
- Hands-on experiences related to health careers
- Shadowing

Eligibility

- Must be a New Mexico resident, or Navajo Nation resident
- Have an interest in pursuing a health career
- Have at least a 2.5 GPA or higher
- **Be a high school senior graduating Spring 2026.**
- Have been accepted to, and entering ANY college/university for the 2026-2027 School Year

$750 Stipend upon completion of the program
