

Looking for a jumpstart on your health career degree?

Undergraduate Health Sciences Enrichment Program (UHSEP)

June 1 - June 20, 2025

The UHSEP Experience

- Create a personalized roadmap towards your health professions program
- Understand and develop the skills, tools, resources, and relationships that will impact your undergrad career success
- Increase your awareness of the urgent need for diverse healthcare in our state

Activities may include:

- Sessions to develop study strategies
- Campus resources meet & greets
- Presentations from health professionals
- Community-based service-learning projects
- Hands-on experiences related to health careers
- Shadowing

Eligibility

- Must be a New Mexico resident, or Navajo Nation resident
- Have an interest in pursuing a health career
- Have at least a 2.5 GPA or higher
- **Be an incoming college freshman**
- Have been accepted to, and entering a college/university

Stipend upon completion of the program

Application Opens
October 2024

Program Begins
June 1, 2025
