# Mission

The UNM STEM-H Center advances STEM-H teaching and learning through outreach, research, and education programs, services, & resources.

Our mission is accomplished by, but not limited to...

- Developing strategic STEM-H education focused partnerships and collaborations among UNM faculty/staff and within the community (public-private) to increase and sustain engagement as well as create opportunities to increase
- Developing, facilitating, and/or coordinating innovative STEM-H Educator Professional Development opportunities
- Developing, facilitating, and/or coordinating STEM-H focused student learning opportunities (workshops, etc.)
- Administering the highest quality STEM-H focused academic competitions for 4<sup>th</sup>-12<sup>th</sup> grade students
- Engaging in STEM-H education focused policy research and advocacy

# Vision

We are a **recognized leader** in the STEM-H teaching & learning community in New Mexico and beyond.

- We serve as a key player in the **coordination** of University of New Mexico STEM-H external outreach activities in order to support the University as well as the community in its efforts to collectively reach key system-wide STEM-H education goals including significantly increasing the recruitment, retention, and graduation of STEM-H majors.
- We provide a **comprehensive center** for STEM-H education resources, outreach programs, and support services.
- We are a **hub** for dissemination of information regarding STEM-H teaching and learning best practices and innovation.
- We facilitate the **cultivation** and **support** of strategic STEM-H education focused **collaborations & partnerships**.

# Team Values

We operate with a sense of **PURPOSE** and the desire to leave a lasting **LEGACY** in the field of STEM-H education.

- We operate, at all times, with **INTEGRITY** and **COURTESY**.
- We conduct our business in the spirit of **COOPERATION**.
- We are open to **CHANGE**, encourage **CREATIVITY**, and strive for **INNOVATION**.
- We are **ACCOUNTABLE** for our actions and are **COMMITTED** to the mission of the organization.
- We are **DEPENDABLE** and **COMPETENT**. Our team members, as well as our constituents, know we will deliver what we promise.
- We value **WISDOM** gathered through experience, seek to instill **PASSION** in our work, and act with **COURAGE** as we strive to fulfill our mission and work toward our vision on a daily basis.

# FROM THE DIRECTOR

In the past year, we have started to see life begin to return to normal as the COVID infection numbers decreased and the vaccination/booster rate increased. That meant we were able to go back to some semblance of normalcy with in-person/hybrid competitions, meetings, and trainings.

Though our overall participation numbers were still somewhat lower than in pre-COVID years, they all moved in a very positive direction from last year and we are optimistic that our numbers will return to normal levels in the upcoming year or two. We will be working to increase beyond prior years' participation to grow both our competitions and professional development trainings.

I would like to thank everyone who has had a hand in making all our efforts a success and ensuring that we are providing high quality programs, services, and resources to all of our stakeholders, but most of all to the students and teachers who are always at the heart of our work.

I want to offer up an especially heartfelt THANK YOU to all our sponsors/donors who, in spite of the continued crazy circumstances, took everything in stride, offered us nothing but flexibility and grace, and never wavered in their support. We even brought on a few new sponsors and award donors! Without our corporate and individual partners, the STEM-H Center would not be able to continue to offer successful programs for students, educators, and the community as well as work on the development of meaningful strategic collaborations/partnerships. I am humbled and grateful beyond measure.

Our competition programs flourish, whether in-person or virtual, because of the thousands of hours volunteered by hundreds of people in our community...STEM professionals, educators, business leaders, high school & college students, UNM colleagues, staff spouses/kids, and so many others.

I continue to be amazed by the number of individuals and organizations connected with the UNM STEM-H Center. I am constantly reminded by our students and alums that what we do, as a team, makes a difference in their lives...many times solidifying their decisions to pursue careers in STEM-H fields.

If you are already one of our organizational/corporate partners, thank you! If you are already an individual donor, thank you! If you have not joined our team yet, please join us as we work to ensure student success and support STEM educators in the future!

*Karen M. Kinsman*

**Karen Kinsman, MS, PMP**  
**Director/Sr. Program Manager**

# OUTREACH

## RESEARCH CHALLENGE

“Science Fairs” go back to at least 1928, when the American Institute of New York City first held one for city youths at the Museum of Natural History. In 1950, science fairs went under the auspices of Science Service, a non-profit institution. It became international in 1959. The **Central NM STEM Research Challenge** has served students, teachers, and parents since 1959 as well. Our alumni include countless individuals who found their way into STEM careers – including a retired NASA Shuttle Astronaut and many who left NM to pursue their post-secondary education then came home to serve their home communities at Sandia National Labs, Los Alamos National Labs, UNM, and countless other businesses in our community. A number of our alumni return every year as judges to be part of the experience that meant so much to them as pre-college students.

**Central NM STEM Research Challenge** is a three-division (Elementary, Junior, & Senior), multi-category, regional STEM research competition. The **Central NM STEM Research Challenge** qualifies students to participate in the State Science Fair and sends top qualifying students to the International Science & Engineering Fair (ISEF), the world’s largest pre-college research competition. Research competitions reward discovery and innovation as well as promoting creativity through the discovery of new problems, inventions, ideas, and solutions. They also provide the perfect way to help students develop the “essential” skills needed to succeed in the workplace (ex: time management, personal organization, oral & written communication skills, project management, etc.).

Research Challenge serves students and science teachers, grades 4 - 12. Over 10,000 students in the Central region participate in local school competitions. Schools then qualify students to move on to the regional level. **Approximately 225** 4<sup>th</sup> through 12<sup>th</sup> grade students **registered for the 2022 Central NM Hybrid STEM Research Challenge**. Though participation numbers are still lower than in pre-COVID years, they rebounded significantly in 2022 and the expectation is a return to pre-pandemic numbers over the next couple of years.

As an ISEF-Affiliated Fair, the **Central NM STEM Research Challenge** sends 4 projects to ISEF as competing Finalists and, funding allowing, up to two top 8<sup>th</sup> grade student researchers to ISEF as Student Observers. Our ISEF Finalists from the Central NM Region for 2022 were: **Akilan Sankaran** Albuquerque Academy; **Landon Flemming** Explore Academy; **Eliana Juarez** V. Sue Cleveland High School; and **Aditya Koushik** La Cueva High School. The 2022 Regeneron ISEF was held in Atlanta, Georgia and our Finalists were all able to attend in person. ISEF 2023 will be held in Dallas, TX.

## SCIENCE OLYMPIAD

**Science Olympiad** is an international nonprofit organization devoted to improving the quality of science/STEM education, increasing student interest in STEM and providing recognition for outstanding achievement in science/STEM education by both students and teachers. These goals are accomplished through classroom activities, research, training workshops and the encouragement of intramural, district, regional, state and national tournaments. SO tournaments are rigorous academic interscholastic competitions that consist of a series of events, which students prepare for during the year. SO competitions follow the format of popular board games, TV shows and athletic games. These challenging and motivational events are well balanced between the various STEM disciplines of life sciences, physical sciences, engineering, mathematics, computers, and technology. There is a balance between events requiring knowledge of facts, concepts, processes, skills and science applications. One of the goals of Science Olympiad is to elevate STEM education and learning to a level of enthusiasm and support that is normally reserved only for varsity sports programs...celebrating academic athletes!

In 2022, the **Central NM Science Olympiad** offered **40+ events** and had **35 volunteer Event Supervisors, Event Assistants & other volunteers** from UNM and several other area organizations. There were a total of **13 competing teams from 7 middle and high schools** in the region that competed in both virtual and in-person events.

The **La Cueva High School** team placed 1<sup>st</sup> at the state competition and represented New Mexico at the 2022 Virtual National Science Olympiad competition. Our Division B top three winners were 1<sup>st</sup> **Cottonwood Classical Prep School**, 2<sup>nd</sup> **Albuquerque Area Homeschoolers**, and 3<sup>rd</sup> **Wilson Middle School B1**. The Division C top three winners were 1<sup>st</sup> **Albuquerque Area Homeschoolers**, 2<sup>nd</sup> **Albuquerque Academy C2**, and 3<sup>rd</sup> **La Cueva High School C1**.

# What Do You Love About Doing Research?

## JUNIOR SCIENCE & HUMANITIES SYMPOSIUM

The UNM STEM-H Center took on management of the **Southwest Region Junior Science & Humanities Symposium (JSHS)** several years ago and the team continues to engage in efforts to grow the program. The southwest region has recently been redefined to include the state of New Mexico, all southern Colorado counties bordering NM, and all Texas counties bordering NM to the east & south. This redefinition expanded the reach of our region, so we are hopeful that will, over time, help to grow the program.

The **Junior Science & Humanities Symposium** is a national competition program designed to challenge and engage **high school students** in science, technology, engineering or mathematics (STEM) research. Individual students compete for scholarships and recognition by presenting the results of their original research efforts before a panel of judges and an audience of their peers. Opportunities for hands-on workshops, panel discussions, career exploration, research lab visits and networking are offered during the competition as well. By participating in regional and national symposia, students may...

- Participate in a forum honoring individual achievement in STEM;
- Qualify for significant scholarships and other recognition;
- Network to enrich understanding of STEM pursuits beyond high school;
- Advance in statewide, regional, national and international symposia;
- Develop skills to help prepare for undergraduate and graduate pursuits -- skills in the application of science content to solve a problem or to gain new knowledge, writing a paper, and communicating results.

**JSHS** is a collaborative effort with the research arm of the Department of Defense and administered by the National Science Teaching Association (NSTA) in cooperation with colleges/universities nationwide. JSHS aims to prepare and support students to contribute as future scientists and engineers conducting STEM research on behalf of or directly for the Department of Defense, the Federal research laboratories, or for the greater good in advancing the nation's scientific and technological progress.

In 2022, the **SW Junior Science & Humanities Symposium** hosted **12 students** from **7 schools** at the in-person competition. Five students qualified to compete at the **2022 JSHS National Competition** – **Marissa Martinez** Monte Vista Senior High School (CO); **Sherwin Thiyagarajan** Albuquerque School of Excellence (NM); **Carlos Ochoa-Marquez** Monte Vista Senior High School (CO); **Gavin Rodriguez** Harmony Science Academy (TX); and **William Burris** San Juan College High School (NM).

# EDUCATION & TRAINING

## PROFESSIONAL DEVELOPMENT

The **STEM-H Educator Professional Development Workshops** provide teachers with opportunities to engage in professional development specific to including inquiry-based science/math in their classrooms and supporting students in independent inquiry-based research projects leading to local and/or regional as well as potentially state and/or international competition. By engaging in one or more of the workshops, STEM-H educators can prepare themselves to establish or enhance a student research program in their schools/classrooms.

In 2021-2022, Research Challenge Bootcamp (self-paced online & live virtual) was offered and educators from well over three dozen schools participated. Educators came from within Central NM, throughout the state of NM, and outside our great state (including California, Colorado, etc.). **Alakaina Foundation/Kupono Government Services** continued as the sponsor of the UNM STEM-H Center Learning Lab which has allowed us to utilize a robust online learning management system in Moodle Cloud. In addition to RC Bootcamp, five new modules were added (funded by National JSHS). The STEM-H Educator Professional Development offerings, both online and in-person, will continue to evolve over time as needs and funding are identified. Thanks to our amazing community partners, we have also begun to build a video library of **STEM Careers Panels**. Please check out the panels from 2021 & 2022 on our [STEM-H Center YouTube Channel](#)...and share to your heart's content!

## STUDENT RESEARCHER BOOTCAMP

The **STEM-H Center's Student Researcher Bootcamp** provides 4<sup>th</sup>-8<sup>th</sup> grade student researchers with project development skills/support/ resources along with an introduction to topics like Project Development, Responsible Conduct of Research, Statistics/Data Analysis, Judging Preparation, etc. Workshops are conducted in partnership with Explora Science Center which provides the space and facilitators for the student workshops. This partnership continued in 2021-2022 with four sessions of the Student Researcher Bootcamps being offered by Explora educators in person. Approximately **72 4<sup>th</sup>-8<sup>th</sup> grade students completed Student Researcher Bootcamp** in Fall 2021.

## STEM-H LENDING LIBRARY

The **UNM STEM-H Lending Library** is a short-term small equipment & curriculum materials lending library for teachers, schools, homeschool/middle/high school students & community groups as well as University level students/ faculty. The **UNM STEM-H Lending Library** was gifted a wonderful space by the UNM College of Education in mid-2022. A grand re-opening will be planned later in the Fall.

# PARTNERSHIPS/POLICY/ADVOCACY

## STRATEGIC PARTNERSHIPS & COLLABORATIONS

Below are examples (not an exhaustive list) of strategic STEM-H Education relationships/collaborations/partnerships that have been developed or are in the process of development out of the STEM-H Center:

- Advancing Science (STEM) Research Teaching Program (ASRT)
- Air Force Research Laboratory - New Mexico
- APS Engineering the Future Program
- Advancing Science (STEM) Research Teaching Program
- EPSCoR
- Explora Science Center
- Honeywell/Sandia National Laboratories
- HSC Institutional Animal Care & Use Committee
- Intel Corporation
- Kupono Government Services
- Los Alamos National Laboratories Foundation
- New Mexico PBS
- NM Academy of Science
- NM MESA
- NM Museum of Natural History & Science
- NM Partnership for Mathematics & Science Education
- NM Public Education Department
- NM Science Teachers Association/NM Council of Teachers of Mathematics/Environmental Education Assoc of NM
- NM Supercomputing Challenge
- Oak Ridge Institute for Science Education
- Project ECHO - Education (Dr. Michael Stanton)
- Science Buddies
- STEM NM Learning Ecosystem
- UNM Engineering Student Services & Outreach Programs
- UNM Biosafety Office
- UNM College of Education
- UNM HSC Office for Diversity, Equity & Inclusion
- UNM Human Protections Office
- UNM Office of VP for Research (faculty research support)
- UNM Responsible Conduct of Research Program
- UNM School of Engineering
- US Army Corps of Engineers - Albuquerque District

## POLICY/ADVOCACY

As part of the HSC Office for Diversity, STEM-H Center leadership continued to work with the UNM Office of Government & Community Relations as well as the HSC Office of the Chancellor to support STEM-H education related strategic collaborations, policy research/development as well as with federal and state legislative and executive branch contacts (PED/HED, NM State Legislature, US Congressional offices, and NSF). This work will expand and continue as deemed strategically appropriate and valuable. The STEM-H Center's Director currently serves on several regional and statewide STEM-H education related boards/councils including the NM Partnership for Mathematics & Science Education, the Internal Advisory Committee for the UNM School of Engineering: Center for Water and the Environment - NSF CREST Grant (2014-2024), the STEM NM Learning Ecosystem, Leadership Team for the STEM NM Ecosystem, the Advisory Committee for Explora/STEM NM Ecosystem's NSF INCLUDES Grant (Math FACESS), and the NM Public Education Department Secretary's Community Advisory Council.

# FINANCIAL INFORMATION

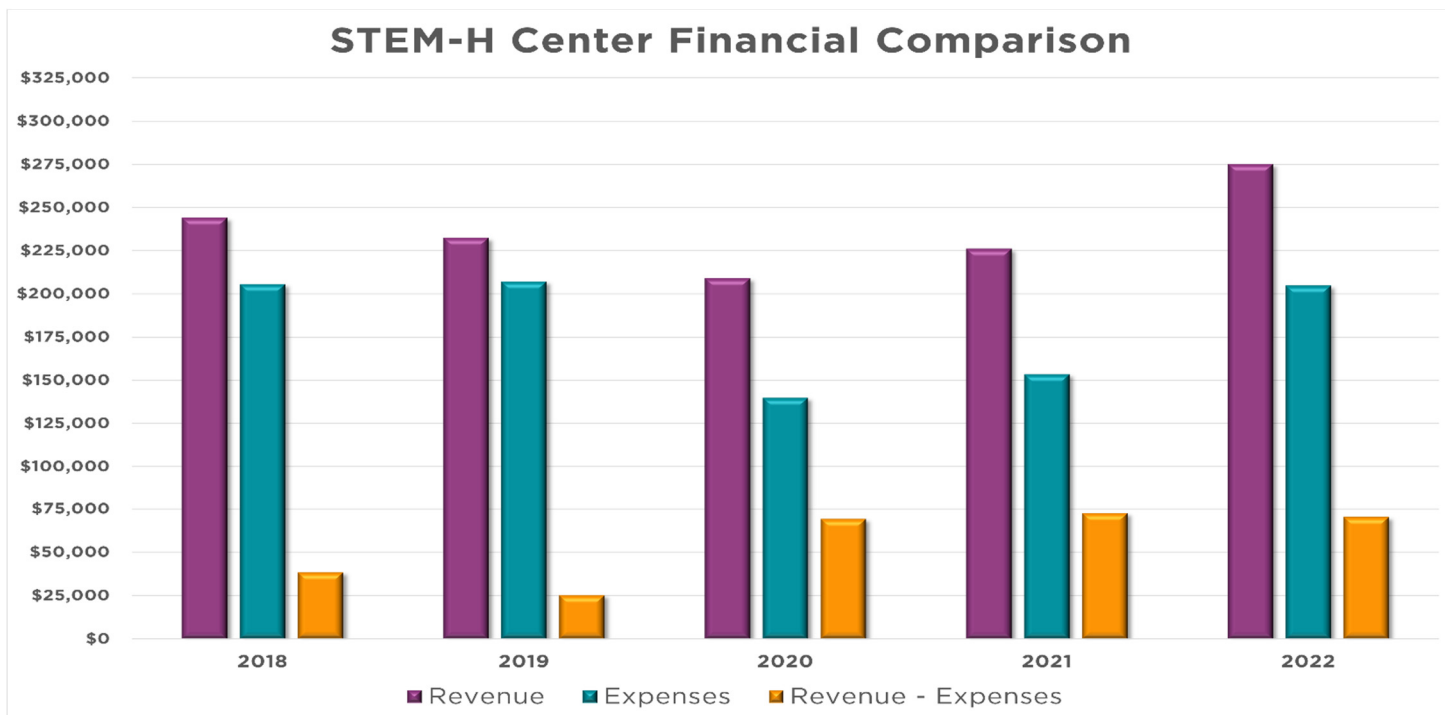

The 5-year graph below depicting STEM-H Center’s revenues and expenses offers a visual comparison, year to year, of the Center’s financial performance. In FY22, the STEM-H Center team continued to identify efficiencies as well as areas in which additional fundraising efforts could be focused. With the ongoing COVID-19 pandemic precautions necessitating predominantly virtual operations with some programs returning in hybrid format (partly virtual/partly in-person), some of our normal expenses (catering, space, materials, etc.) continued to be reduced and the fiscal year ended with a very comfortable positive balance forward. FY23’s budget has been crafted to utilize the balance remaining to support Center operations and our continued commitment to ensuring a robust virtual footprint for all our programs.

*NOTE: The overall revenue/expenses reported for the STEM-H Center do not include the institutional support received from UNM Health Sciences because those funds are part of the Office for Diversity, Equity & Inclusion’s budget. Meaning, the STEM-H Center’s true total expenses & revenues are approximately \$90,000 greater than the graph below indicates.*

## CURRENT FINANCIAL IMPLICATIONS

The STEM-H Center team has continued to work very hard to identify areas in which savings could be realized and costs could be reduced while still providing the highest quality programs and services possible. A portion of the FY22 Balance Forward represents FY23 funds received prior to the June 30<sup>th</sup> end of FY22. Additionally, a small portion of revenue anticipated in FY23 are funds that were actually for FY22, but not received until after June 30, 2022.

What’s the bottom line? The STEM-H Center continues to be in solid financial shape entering the first quarter of FY23. The team will continue to be good stewards of the funding dollars received and work to provide the highest quality programs, services, and resources while ensuring fiscal responsibility.

## FY22 BUSINESS/COMMUNITY GROUP DONORS

*(Unrestricted Donations, Awards Donations, & In-Kind Donations for which value is known)*

<b>DONOR ORGANIZATION</b>	<b>VALUE</b>	<b>LEVEL</b>
UNM Health Sciences Center <i>(institutional sponsorship)</i>	\$90,000.00	Plutonium
UNM Office of the Vice President for Research <i>(institutional sponsorship)</i>	\$85,000.00	Plutonium
UNM Scholarship Office - Jackling Fund	\$15,000.00	Platinum
Honeywell/Sandia National Laboratories	\$10,000.00	Silver
National Science Teaching Association	\$8,300.00	Zinc
Kupono Government Services	\$7,000.00	Zinc
Peraton	\$6,500.00	Zinc
PNM/Avangrid	\$6,000.00	Zinc
Albuquerque Publishing Company	\$5,000.00	Zinc

# SCHOOLS SERVED

ALL public, private, parochial, charter, and home schools in Central New Mexico are eligible to participate in Research Challenge and Science Olympiad. Participation in SW Junior Science & Humanities Symposium is open to high school students throughout NM, the El Paso area of west Texas, and southern Colorado. All participating schools along with the programs in which their students participated, the type of school, and the school's Title 1 status are indicated (*Title I, Part A [Title I] of the Elementary and Secondary Education Act or ESEA, as amended, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards*).

# 2021-2022 Volunteer Hours & Value of Time

<b>2022 Central New Mexico STEM Research Challenge</b>	<b># of Volunteers</b>	<b># of Volunteer Hours</b>	<b>Value of Volunteer Hours</b>
<b>Category Judges</b> <i>(8 hrs per judge @ \$35/hr avg in-kind time donation)</i>	100	800	\$28,000.00
<b>Judge Chairs/Master Chairs</b> <i>(25 hrs per judge @ \$35/hr avg in-kind time donation)</i>	23	575	\$20,125.00
<b>Special Awards Judges</b> <i>(4 hrs per judge @ \$35/hr avg in-kind time donation)</i>	47	188	\$6,580.00
<b>Registration Volunteers</b> <i>(3 hrs per volunteer @ \$35/hr avg in-kind time donation)</i>	10	30	\$1,050.00
<b>Registration Coordinator</b> <i>(20 hrs @ \$35/hr avg in-kind time donation)</i>	1	20	\$700.00
<b>Display &amp; Safety Inspectors</b> <i>(4 hrs per volunteer @ \$35/hr avg in-kind time donation)</i>	20	80	\$2,800.00
<b>Display &amp; Safety Committee Chairs</b> <i>(20 hrs per volunteer @ \$35/hr avg in-kind time donation)</i>	2	40	\$1,400.00
<b>Speakers – Panels and Other Individual Speakers</b> <i>(2-3 hrs per speaker/moderator @ \$35/hr avg in-kind time donation)</i>	12	36	\$1,260.00
<b>Speakers-Keynote</b> <i>(8 hrs @ \$35/hr avg in-kind time donation)</i>	1	8	\$280.00
<b>Safety, Security &amp; Floor Monitors</b> <i>(8 hrs per volunteer @ \$35/hr avg in-kind time donation)</i>	12	96	\$3,360.00
<b>TOTAL RC VOLUNTEERS =</b>	<b>228</b>	<b>1873</b>	<b>\$65,555.00</b>

<b>2022 Advisory Board Members</b>	<b># of Volunteers</b>	<b># of Volunteer Hours</b>	<b>Value of Volunteer Hours</b>
<b>Board Members - Volunteer</b> <i>(8 hrs per board member @ \$35/hr avg in-kind time donation)</i>	17	136	\$4,760.00
<b>ADVISORY COUNCIL =</b>	<b>17</b>	<b>136</b>	<b>\$4,760.00</b>

<b>2022 Central NM Science Olympiad</b>	<b># of Volunteers</b>	<b># of Volunteer Hours</b>	<b>Value of Volunteer Hours</b>
<b>Event Supervisors</b> <i>(12 hrs per ES for prep &amp; facilitation @ \$35/hr avg in-kind time donation; some ES's prepared &amp; supervised more than one of the 40+ events; time for each event is counted here)</i>	39	468	\$16,380.00
<b>Other Volunteers</b> <i>(Average 4 hrs each; Average 1 per event @\$35/hr avg in-kind time donation)</i>	22	88	\$3,080.00
<b>SO VOLUNTEERS =</b>	<b>61</b>	<b>556</b>	<b>\$19,460.00</b>

<b>2022 SW Junior Science &amp; Humanities Symposium (JSHS)</b>	<b># of Volunteers</b>	<b># of Volunteer Hours</b>	<b>Value of Volunteer Hours</b>
<b>Judges</b> <i>(8 hrs per judge @ \$35/hr avg in-kind time donation)</i>	8	64	\$2,240.00
<b>Other Volunteers</b> <i>(Average 4 hrs each @\$35/hr avg in-kind time donation)</i>	8	32	\$1,120.00
<b>Keynote Speaker</b> <i>(3 hrs @\$35/hr avg in-kind time donation)</i>	1	3	\$105.00
<b>JSHS VOLUNTEERS =</b>	<b>17</b>	<b>99</b>	<b>\$3,465.00</b>

	<b>TOTAL # Volunteers</b>	<b>TOTAL # Volunteer Hours</b>	<b>TOTAL Value Volunteer Hours</b>
<b>FY22 VOLUNTEERS GRAND TOTALS =</b>	<b>323</b>	<b>2,664</b>	<b>\$93,240.00</b>

*Volunteer time value calculated at \$35/hour which is higher than standard \$29.95/hour, but majority of our judges/volunteers are STEM professionals/retirees whose hourly pay rate is significantly higher than even \$30/hour. VIP Speakers/Presenters are all high level professionals, so their time was valued at an average of all their hourly rates combined, which averages out to significantly less than the hourly rate of several of them.*

# Central NM STEM Research Challenge 2022

## Race/Ethnicity

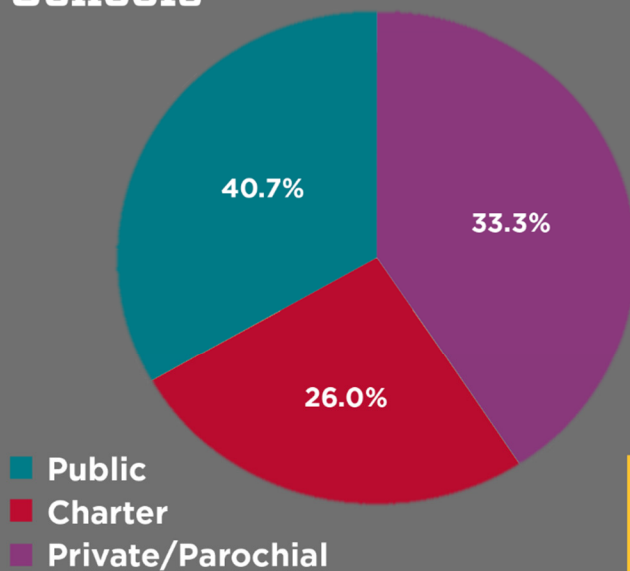

New Mexico student competitors were awarded over \$60,000.00!

## Gender

## Schools

## Title I

Over 200 students participated in our competition in 2022!

# Junior Science and Humanities Symposium 2022

## Race/Ethnicity

In 2022 the SW Region JSHS hosted 11 students from 7 schools

## Gender

## Schools

## Title I

Participants received \$4,250.00 in awards!

# Central NM Regional Science Olympiad 2022

## Schools

## Title I

**Vounteers donated over 550 hours in 2022!**

Individual team member data was not collected from SO teams in FY22.

Because the registration process for Science Olympiad takes place through the State Science Olympiad office and individual student demographic information is not collected, at present, we are exploring the best ways to be able to gather the same demographic information on participants as is collected for Research Challenge and SW JSHS. Once we have determined the best mechanism for ensuring we can get accurate data, we will add that to future Annual Reports.

## 2022 Central New Mexico STEM Research Challenge AWARDS

Special Awards - Donor Paid	\$11,000.00
Special Awards - Office Paid	\$41,220.00
Top of Category Awards - Office Paid	\$9,125.00
<b>CNM-SERC AWARDS =</b>	<b>\$61,345.00</b>

## 2022 Central NM Science Olympiad AWARDS

Science Olympiad - Trophies, Medals, etc.	\$1,000.00
<b>SCIENCE OLYMPIAD AWARDS =</b>	<b>\$1,000.00</b>

## 2022 SW Junior Science & Humanities Symposium AWARDS

SW Region JSHS - Donor Paid (scholarships)	\$4,000.00
SW Region JSHS - Office Paid (cash)	\$250.00
<b>SW JSHS AWARDS =</b>	<b>\$4,250.00</b>

**TOTAL AWARDS** *(all programs)* = **\$66,595.00**
