*Project ECHO® (Extension of Community Health Outcomes)*

Matthew Bouchonville, MD, CDE
mbouchonville@salud.unm.edu

Dr. Bouchonville is an Associate Professor at the University of New Mexico School of Medicine in the Division of Endocrinology, Diabetes, and Metabolism and serves as Medical Director of the UNM Diabetes Comprehensive Care Center and UNM Center for Diabetes and Nutrition Education. He is an Associate Director of Project ECHO and Medical Director of the Endocrinology teleECHO (Endo ECHO) program at the ECHO Institute. In 2014, he launched the Endo ECHO program to build expertise for complex diabetes management among the primary care workforce in medically underserved regions of New Mexico. In his role as Associate Director, he joined the Cancer Initiative in 2019 and COVID-19 initiative in 2020.
