# Rheumatology TeleECHO™ Program

## Who Can Attend?

This teleECHO program is intended for any clinician with an interest in Rheumatology

Join us every Monday!

Connect by Zoom, Telephone, or Visit Us On-Site

**OUR CAUSE** 30 PM (Mountain Time)

There are over 100 arthritic or rheumatologic musculoskeletal diseases and conditions affecting thousands of New Mexicans (CDC, Arthritis in NM, Fact Sheet 2010). Sero-positive and sero-negative conditions like arthritis, lupus, fibromyalgia, and the genetic predispositions of some New Mexicans to certain rheumatologic disorders can lead to diminished quality of life and disability if left untreated.

## OUR PURPOSE:

Rheumatology is a rapidly evolving medical specialty. Treatment of chronic rheumatologic disorders is improving with the introduction of new forms of treatment, and through early diagnosis. The Rheumatology TeleECHO Clinic is designed to provide a consultative link between specialists and community clinicians throughout the state.

## HOW TO PARTICIPATE:

- ❖ Complete periodic surveys evaluating practice style, knowledge, and self-efficacy related to treating rheumatologic disorders
- ❖ Present patient cases via telephone or videoconference
- ❖ Participate in brief lectures
- ❖ No Cost CME/CPE Is Offered to Participants

## PROGRAM DIRECTORS:

Arthur Bankhurst, MD  
UNM Rheumatology Professor Emeritus

Frank O'Sullivan, MD  
UNM Assistant Professor of Rheumatology
