This Addendum becomes a part of the Original document and Modifies, as noted below, the original Request for Information:

- **Question:**

- Does your current proposed model include providing room service to patients staying in the hospital as well?
  - **The Cancer Center is an outpatient ambulatory and is an off campus hospital-based clinic. The patients are treated from 7AM to 5PM. There is not a specific dietary need for our patients and there will be no need for room service deliveries. The Café and the cafeteria services are designed to provide healthy meal and food options for our patients, their families and Cancer Center staff members. There are currently no cafeteria services available.**
- I see in your RFI that on the bottom of page 2 under information requested, you list in item #3 “Provide a proposed monthly base rent or any other proposed leasing payment structure”. Is the hospital firm on this suggested model or would they be open to other partnership model options?
  - **The Cancer Center is open to traditional partnerships or any other proposed partnership model options and is not bound to any specific monthly base rent arrangements.**

ALL OTHER TERMS AND CONDITIONS WILL REMAIN THE SAME.

(End of Addendum)

This addendum becomes a part of the request Documents and modifies, as noted above, the original Request for Information documents identified. All other provisions of the document shall remain unchanged. This addendum is hereby made a part of the Request for Information Documents to the same extent as those provisions contained in the original documents and all itemized listing thereof.
