Instructions

Applicant: Check off the “Requested” box for each privilege requested. Applicants have the burden of producing information deemed adequate by UNMMG for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

1. Note that privileges granted may only be exercised at UNMMG clinics that have the appropriate equipment, license, staff and other support required to provide the services defined in this document.
2. This document defines qualification to exercise clinical privileges. The applicant must also adhere to any additional organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

Policies Governing Scope of Practice

Medical Record Charting Responsibilities

Clearly, legibly, completely, and in timely fashion describe each service the provider provides to a patient in the hospital and relevant observations. Standard rules regarding authentication of, necessary content of, and required time frames for preparing and completing the medical record and portions thereof are applicable to all entries made.

Continued...

Periodic Competence Assessment

Applicants must also be able to demonstrate they have maintained competence based on unbiased, objective results of care according to the Practice Oversight Committee's existing quality assurance mechanisms and by showing evidence that they have met the continued competence requirements established by the state licensing authority, applicable to the functions for which they are seeking to provide at this clinic. In addition, continuing education related to the specialty area of practice is recommended/required as mandated by licensure.

Qualifications for Internal Medicine

Initial Applicant - *To be eligible to apply for privileges in internal medicine, the initial applicant must meet the following criteria:*

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)– or American Osteopathic Association (AOA)–accredited residency in internal medicine

AND

Current certification or active participation in the examination process leading to certification in internal medicine by the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine

AND

Required current experience: Applicants must be able to demonstrate provision of care for an adequate volume of patients, reflective of scope of privileges requested with acceptable outcomes during the past 12 months, or successful completion of an ACGME or AOA accredited residency or clinical fellowship within the past 12 months.

Renewal of Privileges - *To be eligible to renew privileges in internal medicine, the reapplicant must meet the following criteria:*

Current demonstrated competence and an adequate volume and experience with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges.

CORE PRIVILEGES: *Internal Medicine*
