Letter from the Chair

Aimee Smidt, MD, FAAD, FAAP

To our colleagues, alumni, donors, and friends:

July in an academic health center always feels like the start of something fresh and new – and this year is no different. Here at UNM Dermatology **we have had another tremendous year of growth, change and gratitude.** I am thankful to you for your interest in our training program and Department and the opportunity to reflect on the accomplishments we have celebrated, with your invaluable support.

We congratulate **Dr. Kory Lee on his graduation** from the residency this June – and we wish him so well as he embarks upon his career joining a private practice in Texas. We know he will provide the utmost in patient care and we are so proud to now call him an alumni! In addition, we are thankful for his **service as Chief Resident** this past academic year, along with **Dr. Alba Posligua as VA Chief** and who has been helping to lead our **Departmental DEI initiatives.** Both of their commitment and leadership in these roles has been so appreciated – and has contributed to improving our program overall.

In addition, we welcome three new PGY2 residents to the UNM Dermatology family (**Drs. Nicole Bolick, Jose Cortez and Darren Kempton**), and are thrilled to have recruited **Dr. Andrew Matsumoto** to lead our Mohs surgery efforts and education starting later this summer. We celebrated **Dr. John Durkin being named the Jim and Ellen King Professor in Dermatology** – a recognition so well-deserved. We also kicked off a strong joint effort **Dermatology-Rheumatology weekly clinic led by Dr. Nikifor Konstantinov** at Sandoval Regional Medical Center (SRMC) – the only such service in the state. We very much need **further faculty expansion** to meet the needs of our community, so if you know of anyone who would be a good fit for our Department as a general dermatologist, dermatologist-dermatopathologist, or pediatric

dermatologist, see our job listing for details but we appreciate any word of mouth interest we might share through this group!

We have continued our **excellent educational programming via Grand Rounds, Derm Echo and our first in-person CME conference for primary care providers in New Mexico** – which was a huge success with appreciation to our hardworking administrative staff and students. Please mark your calendars for **October 14th-15th 2022 for our annual Burgdorf Conference** – you won't want to miss our fantastic lineup! We have also rebooted our **free skin cancer screening events** around the state thanks to funding from the **Ryan Daniell Fund and the Shannon Shaw Memorial Fund**; the first session took place in Albuquerque in May 2022 and exceeded all of our expectations for the community attendance – so a big thank you to all who volunteered. If you are interested in donating to this effort we are fundraising to make this a reality into perpetuity and appreciate your contribution in any amount. Finally, we continue our **productive scholarly work, publications, regional/national presentations and growing clinical trial research** – thanks to the engagement of all of our trainees and faculty but especially to **Dr. John Durkin and Dr. Emily Altman for their leadership** in this regard.

I wish you a happy, healthy, fun summer – travel safe and come to visit us here at UNM Dermatology!

Welcome!

Andrew Matsumoto, MD

We are so pleased to share that **Andrew Matsumoto, MD**, will be joining the UNM Department of Dermatology August 1, 2022 as Assistant Professor, specializing in Mohs Micrographic Surgery as well as General Dermatology. Dr. Matsumoto has completed his fellowship in Mohs Surgery and Dermatologic Oncology at the University of Texas Southwestern in Dallas, TX. "I'm very excited to be joining the University of New Mexico Dermatology Department this August! My wife (Casey), dog (Theo) and I are looking forward to meeting everyone and enjoying the beautiful outdoors. We are expecting our first child as well in September."

Dr. Matsumoto will be seeing patients primarily at the UNMH Dermatology Clinic, performing Mohs on Mondays, Tuesdays and some Fridays, as well as supervising resident surgeries on the 4th Wednesday continuity clinics. He will be performing skin checks and seeing patients at risk of skin cancer at UNMH Dermatology and the Sandoval Regional Medical Center (SRMC) Specialty Clinic as well. To place a referral for Mohs please send through RightFax to 505-272-6228. Please also reach out to us if you would like to set up a meeting with him.

Tamanna Chauhan

Tamanna Chauhan has transitioned from Research Assistant to Research Coordinator as of June 1, 2022 and we are so grateful to have her in this role. Tamanna was born and raised in a beautiful suburb of Kathmandu, Nepal surrounded by a giant loving family. She is a first-generation college student who is pursuing her Masters in Data Analytics at UNM and looking forward to graduating in May 2022. In her free time, she enjoys hiking, cooking, camping with friends and serving at homeless shelters.

Kyra Cordova-Urioste

Kyra Cordova-Urioste joined the UNM Department of Dermatology as a Student Employee in April 2022. She is currently a Speech & Hearing Major at UNM and plans to continue at UNM to receive a Masters Degree in Speech Pathology. Her goal is to work with children after she graduates. She is a born and raised New Mexican who enjoys hiking, reading, and yoga. Thank you for being on our team, Kyra!

Department Updates

In May, we celebrated with UNM Regents (**Doug Brown, Rob Schwartz JD, Randy Ko**) and UNM HSC/SOM Leadership including EVP **Doug Ziedonis, MD**, and Interim Dean/Sr. VP Clinical Affairs, **Mike Richards, MD, MPA**, as **John Durkin, MD, MBA, FAAD** was officially named the **Jim & Ellen King Professor of Dermatology**.

This was a huge milestone for our Department, and an opportunity to thank our generous donors, **Jim and Ellen King**, for their ongoing support of our mission to improve care for patients with melanoma and pigmented lesions in New Mexico. Huge congratulations to Dr. Durkin on this recognition.

This year we faced unexpected events which resulted in the Department without Mohs coverage and down a provider for the spring-summer months. **THANK YOU** to: (from L-R) **Dr. David Davis, Dr. Daniel Davis and Dr. Michael Chang** for making themselves available as staff physicians to continue our Mohs services and to **Dr. Deeptej Singh** for providing general dermatological services for our patients. We are so appreciative of your compassionate care and your excellent teaching, and we look forward to continuing this partnership going forward.

Congratulations on the 2022 SOM Match!

Match Day took place on March 18th 2022 for all medical school programs in the nation. We are thrilled to announce that we had a **RECORD 4** students match in highly competitive Dermatology residency programs around the country, and were so fortunate to match **Dr. Kimberly Ruiz White**, a current senior Pediatrics resident, into our own program.

We typically average 1, or maybe 2, students matching into Dermatology, so this represents a great achievement in our mission to cultivate a consistent pipeline in the state. All our best to: (from top) **Jaimie Lin** (who is pursuing Med-Derm), **Alexander Rose, Sabah Osmani, Fiore Casale and Kim White!**

End of Year Celebration 2022

On June 10, 2022 we celebrated the Department's accomplishments and the end of the academic year at the Smidt home with delicious New Mexican fare outdoors.

Dr. Kory Lee completed his residency at UNM Dermatology this June. He will be starting his career at Advanced Dermatology in Katy, TX. We wish him and his beautiful family all the best.

We recognized our 2021-22 Chief Residents, **Dr. Kory Lee** and **Dr. Alba Posligua-Alban (VA)**, for a year of outstanding leadership and organization.

Dr. John Durkin was voted **Instructor of the Year** for his always enthusiastic teaching methods, leadership and mentorship. We recognized **Dr. Emily Altman** and her work as **Program Director**. She is the lifeline of the residency program and shows how much she loves teaching in all she does.

Finally, we thanked everyone including our **incredible administrative staff** and recognized our **PGY2 Residents & Dr. Nikifor Konstantinov** for completing their first year with us with our traditional customized New Mexico sterling silver stamped name tags. It was a wonderful celebration of the year.

Welcome Our New PGY2 Residents!

Upcoming Events

7th Annual Walter Burgdorf, MD Memorial Lectureship & NM Dermatology & Dermatologic Surgery Society Meeting

ALBUQUERQUE, NM & VIA ZOOM (CME)

October 14-15, 2022

Burgdorf Speaker: Ilona J. Frieden, MD, FAAD, FAAP

Dr. Ilona Frieden is a Pediatric Dermatologist at the University of California San Francisco Children's Hospital and has over 35 years of experience as a mentor, researcher and as a leader in the field. Dr. Frieden cares for children with birthmarks and is known nationally and internationally for her expertise in hemangiomas and vascular malformations. She directs the UCSF Birthmarks & Vascular Anomalies Center, which she helped found in 1991. In addition, her uncle was the former Chair of UNM Department of Pediatrics and she will be delivering the Dept of Pediatrics Grand Rounds Greenberg lecture in his memory while she is visiting with us.

NMDDSS Speaker: Warren Piette, MD, FAAD

Dr. Warren W. Piette is a Professor at Rush University Medical Center. He is a graduate of the University of Texas Southwestern Medical School. He completed residencies in both Internal Medicine and Dermatology at Parkland Memorial Hospital in Dallas. Prior to his dermatology training, he completed a hematology fellowship, also at Parkland. He has served as Vice Chair, Chair, and Program Director during his active teaching and leadership career.

[Please Visit Our Lectureship Website for Full Details!](#)

2023 AAD Alumni Reunion

New Orleans, LA
March, 2023

Details TBD but please plan to join your colleagues and fellow alumni that weekend!

NM Dermatology & Dermatologic Surgery Society Spring Meeting (CME)

ALBUQUERQUE, NM & VIA ZOOM
April 21-22, 2023

Guest Speaker: Klaus Busam, MD

Dr. Klaus Busam is a Dermatopathologist at Memorial Sloan Kettering Cancer Center. He attended medical school at the University of Freiburg (Germany) and completed his residency at Brigham and Women's Hospital and Children's Hospital in Boston and his fellowship at Harvard. His expertise is in melanoma/pigmentary lesions and his consultative services are well recognized nationally and by our Department specifically.

Community & Alumni Events

UNM DERMATOLOGY- NM DERMATOLOGY & DERMATOLOGIC SURGERY SOCIETY SPRING MEETING

Thank you to all who joined this year!

Our April 29th-30th 2022 conference was a weekend of high-quality didactics including excellent interactive presentations from **Brent Moody, MD, FACP, FAAD** (Heritage Medical, Nashville TN) on Documentation, Coding and Billing in Dermatology, along with case presentations by UNM medical students and residents and their faculty mentors. We think all present would agree it was a top-notch program and we all left having learned so much.

It was also wonderful to be together again in person and virtually! Thank you to Dr. Moody for being our guest in Albuquerque, to the UNM Dermatology staff who help make these meetings successful, to the UNM Comprehensive Cancer Center and Tricore Reference Laboratories for hosting us, and to the NMDDSS for our strong and continued partnership.

DERMATOLOGY FOR PRIMARY CARE CONFERENCE June 4th, 2022

Our 2nd Annual Dermatology For Primary Care Conference was a huge success! **Approximately 75 primary care providers from around the state attended** with topics including a procedural workshop, pediatric dermatology, alopecia/hair loss, moles and melanoma, and common dermatology challenges. Thank you to our faculty speakers, **Dr. Naiara Barbosa**, who visited from Mayo Jacksonville, **Dr. Julia Beamesdorfer**, an internist at Gallup Indian Health Services, as well as our amazing staff, student volunteers, and corporate sponsors including Tricore Reference Labs, Sanofi-Genzyme, L'Oreal, Abbvie, and DermLite. We hope to continue these important sessions to grow knowledge and partnership with health care provider colleagues, to ultimately improve access to care in New Mexico. If you're interested in learning more, or participate in the future, please let us know.

FREE SKIN CANCER SCREENINGS 2022-2023 REBOOT! May 7th, 2022

May was Melanoma Awareness Month and what better way to restart our Free Skin Cancer Screenings for our community. We held the first free screening for 2022-2023 at the UNMH Dermatology Clinic, seeing over 200 patients, 71 of whom had precancerous lesions or suspicious lesions for skin cancer. THANK YOU to all who volunteered for this event, which is a great opportunity for our students, and also to the **Ryan F. Daniell Fund** and the **Shannon Shaw Memorial Fund** which support this important work.

The next screening will be in Gallup on August 6th, followed by the Southeast region and Northern NM. Please contact **Dr. John Durkin** if you would like to volunteer in any capacity and we welcome your donations to the Daniell Fund to help grow this program sustainably.

Diversity, Equity & Inclusivity Updates

DEI Department Representatives:

Dr. Romeo Morales & Dr. Alba Posligua-Alban

The Department of Dermatology at the UNM School of Medicine continues to emphasize its stance against racism and discrimination of any kind. We reaffirm our commitment to a workplace that promotes diversity, equity and inclusion.

As part of this commitment, we have committed to the following DEI Goals for the 2022-2023 academic year:

DERMATOLOGY DIALOGUES ON DIVERSITY

Goal: To schedule quarterly and alternate between DEI Grand Rounds and Spanish dermatology basic training.

DEI DERMATOLOGY SPECIFIC GRAND ROUNDS

Goal: To schedule at least one session this academic year.

DEI NON-DERMATOLOGY SPECIFIC GRAND ROUNDS (AND/OR OTHER EDUCATIONAL/PROFESSIONAL DEVELOPMENT SESSIONS)

Goal: To schedule one to two sessions within the academic year.

URM DERMATOLOGY RESIDENT-MEDICAL STUDENT MENTORING

Goal: To continue growing the current program

SPANISH DERMATOLOGY BASIC TRAINING

Goal: To offer 4 classes during the year to continue teaching basic dermatology medical Spanish course for the department staff, faculty, and trainees, in partnership with efforts being led in this area by UNM SoM and HSC DEI leadership.

DERMATOLOGY DEI NEWSLETTER

Goal: To communicate to Grand Rounds attendees, donors, and community on updates related to our DEI initiatives.

INCREASE INVOLVEMENT WITH URM MEDICAL STUDENT GROUPS

Goal: To plan and execute at least one session on Dermatology and applying to Dermatology for URM students specifically.

DEI GRANTS AND RESEARCH

Goal: To explore funding opportunities specific to DEI within Dermatology

URM SCHOLARSHIPS FOR MEDICAL STUDENTS ROTATING WITH UNM DERMATOLOGY

Goal: To solicit qualified applicants and host two URM students with funding to rotate with UNM Dermatology in Fall 2022.

DIVERSITY ONLINE SKIN ATLAS

Goal: To continue developing our inclusive online skin atlas and increase recruitment of students involvement in locating photos of conditions in different skin tones.

ANNUAL DEI DEPARTMENTAL AWARD

Goal: To create an award for faculty related to publications, scholarly work and DEI involvement.

Academic Dermatology Positions

The Department of Dermatology at The University of New Mexico School of Medicine **seeks qualified individuals for three full-time faculty positions** to join an innovative group environment. **Please spread the word!**

- **Pediatric Dermatology**
- **General Dermatology**
- **Dermatologist/Dermatopathologist**

We serve a large, diverse, medically complex population and are a consultative resource for the state of New Mexico and the Four Corners region of the Southwest. The Department provides many services including: general and pediatric dermatology, phototherapy, laser, dermatologic/Mohs surgery and aesthetic services.

We have a strong partnership with both Dermatopathology and community physicians.

Responsibilities include primarily outpatient Dermatology and evening/weekend call coverage for inpatient hospital consultations. Teledermatology is an evolving development as well. Opportunities for clinical research are available.

UNM Health Sciences Center (HSC) is New Mexico's only academic health complex and is located in beautiful Albuquerque, New Mexico. Resources are prioritized into four mission areas of education, research, patient care and community outreach - all targeted toward the objective of delivering the highest level of health care to the people of New Mexico. Opportunities abound for multidisciplinary scholarship and research through collaborations with scholars across the arts and sciences disciplines, law and population health as well as robust community organizations.

The UNM School of Medicine is celebrated for its innovations in medical education and is a national leader in diversity in both the physician workforce and its student body. Candidates with attributes that support our mission include demonstrable experience promoting inclusion in the workforce, modeling cultural humility, commitment to guiding underrepresented/minority learners into professional success, and striving to use social determinants of health to address health disparities for individuals and communities. We as an institution value community engagement, as evidenced by our national recognition in rural and family medicine training programs and our groundbreaking BA/MD Programs that provide pathways for students from urban, rural and tribal New Mexico to pursue a medical career. The Department of Dermatology is committed to diversity, equity and inclusion and uses these standards as measures of excellence.

New Mexico is a recreation and art destination.

Albuquerque is a beautiful city with mountains to the east and a mesa to the west with breathtaking sunsets, lakes, rivers, deserts and mountain ranges. It is ideal for outdoor activities and sports all year-round including running, hiking, biking and skiing. New Mexico is multicultural and multilingual with 22 American Indian tribes and nations as well as vibrant Latinx, Black American and Asian American communities with excellent local cuisine, unique architecture and multiple cultural and historic sites. NM is dense with internationally famous artists, craft breweries and wineries, and an ever-expanding film industry.

Apply at unmjobs.unm.edu and search for the following posting numbers:

Pediatric Dermatologist: Req15251

General Dermatologist: Req15746

Dermatologist/Dermatopathologist: Req17999

A Comprehensive Benefit Package including paid professional liability insurance, medical/dental/vision plan, retirement, annual and professional leave, continuing education tuition and dependent tuition program, and a competitive salary with incentive is offered.

The Ramond G. Murphy VA Hospital is also hiring a Dermatology Physician. [Click Here to learn more!](#)

Dr. Aimee Smidt, MD, Chair: Asmidt@salud.unm.edu

MAKE AN IMPACT

Invest in New Mexico's Dermatologic Future

In sunny New Mexico, we know that access to dermatology is especially crucial. **Our practitioners offer the highest quality dermatologic care that is often unattainable elsewhere in the state, because fewer than 40 dermatologists actively practice here.**

By making a gift to support the Department of Dermatology at UNM, you make a difference, by helping us to train and retain physicians to deliver advanced dermatologic care to adult and pediatric patients, and grow our educational and research efforts. Traditionally we have had one of the highest rates of alumni participation at the UNM School of Medicine. Lets keep that record going!

WAYS YOU CAN GIVE

Dr. "Ben" Smith
Fund for Residents

The Dr. "Ben" Smith Fund for Residents supports the annual budget of the Dermatology Residency Program, especially to cultivate academic research and scholarly presentations at a national level, in addition to basic operational needs in keeping our training program stable and growing. We count on these dollars to help - please consider a gift this year!

Dermatology Chair's Fund

Created by a generous, private donor in 2016, the Dermatology Chair's Fund provides flexibility to invest wherever the needs are greatest - to date these dollars have supported Grand Rounds and alumni/networking initiatives, along with strategic planning and Department-wide initiatives.

Ryan F. Daniell
Fund

The Ryan F. Daniell Fund was established by his generous family to honor his legacy after he passed away from melanoma at a young age.

It was Ryan's hope that his struggle would lead to increased awareness, early detection, and accessible treatment for all New Mexicans.

This Fund supports costs associated with Departmental free skin cancer screenings, research on melanoma, and recruiting/retaining the best dermatologists to practice and STAY in NM.

The Daniell Family and the Department of Dermatology welcome your partnership at any level, with a goal to bring this fund to \$100,000.

We Value Your Support!
