ADULT CEREBRAL PALSY CLINIC

A Multidisciplinary Consultative
Clinic Serving Adults with Cerebral
Palsy and Related Neuro-
Developmental Motor Disorders

Adult Cerebral Palsy Clinic

What is the Adult CP Clinic?

Life's issues change with age and people with Cerebral Palsy (CP) often benefit from a comprehensive approach to medical care that is sensitive to these changing needs.

The Adult CP Clinic uses a team approach to support patients and their families at any age.

What services are provided by the Adult CP Clinic?

The Adult CP team can offer comprehensive evaluations that may include psychosocial assessments, neurological examinations, attention to medical issues (including sexuality and women's health issues), accessing services and supports as necessary. Through this consultative clinic orthopedic services are also offered twice per year.

Appointments typically last about 1 hour. To reduce wait time, please bring your insurance cards and confirm that all the necessary documents have been signed and submitted to the Adult CP Clinic personnel.
