

Colposcopy & HPV Refresher & Update Course IHS/Tribal/Urban

TUESDAY, MARCH 12
VIRTUAL & IN-PERSON

ALBUQUERQUE, NM
SHERATON ALBUQUERQUE
UPTOWN HOTEL

PRESENTED BY

Conference Description

The Colposcopy and HPV Refresher and Update Course is designed to provide a review and update for the experienced colposcopist. The program is targeted for IHS, Tribal, and Urban Indian Clinic providers. The refresher course is an ideal review and update for OB/GYNs, family physicians, NPs, PAs, and CNMs who already practice colposcopy and want a brief review of the basics, an update on what's new with screening and management guidelines and a chance to discuss challenging cases with the expert faculty. It is also an appropriate review for those currently participating in a mentorship or preceptorship program. The format includes lectures, interactive audience response session and small group case review sessions with discussion of colposcopic images.

Learning Objectives:

Participants will:

- Discuss three options for screening for cervical cancer in indigenous women in the U.S.
- List two triage options for managing a screening test with positive HPV and negative or no cytology.
- Use photographs of cervical dysplasia to select the ideal placement of cervical biopsies.
- Discuss recommended screening for anal precancerous lesions in women.

Colposcopy & HPV Refresher & Update Course IHS/Tribal/Urban March 12, 2024

7-7:30 am	Registration
