Progress Report Cover Sheet for Research Credit (BIOM 410)

Mentor: submit this cover sheet along with the student's written progress report to the Program Director by the last day of finals week.

Student Name: _____

Student Banner ID #: _____

Number of BIOM 410 credit hours registered for this semester: _____

Semester of BIOM 410 research this report is about: _____

Research Mentor Name: _____

Research Project Title: _____

Recommended Grade: _____

At the end of the semester, the student must submit a written progress report to the BIOM 410 Research Mentor and provide a copy to the UREBS Program Director. This progress report, as well as the quality and quantity of the effort in the laboratory, should be used to assign a grade (see grading policy below). The progress report cover sheet should be signed by the Research Mentor and BIOM 410 student. The progress report and grade must be provided (email preferred) to the Program Director by the week before the finals week.

Grading Policy for BIOM 410

The grade for the research credit (A,B,C, etc.) will be assigned by the student's Research Mentor and submitted, along with the progress report, to the Program Director by finals week to ensure timely recording of the student's grade.

In grading, the mentor should take the following guidelines into consideration:

- 1) Time the student spent working on the project. (The student is expected to spend at least 3 hours per week for each credit hour)
- 2) The performance of the student in the laboratory.
- 3) The quality of the progress report that the student must submit to both the Research Mentor and Program Director.
