

# Female Breast Cancer

## Average Incidence<sup>†</sup> (New Cases) and Cancer-Related Mortality<sup>†</sup> (Deaths) per Year New Mexico Residents, 2015-2019

| <i>Incidence</i>                    |                   |                                 |                              |  |
|-------------------------------------|-------------------|---------------------------------|------------------------------|--|
| Race/Ethnicity                      | Age-adjusted rate | Average number of new cases     | Percent of all new cases     | Rank among all new cancer cases <sup>‡</sup> |
| NM, Non-Hispanic White              | 123.6             | 840                             | 32.4%                        | 1  |
| NM, Hispanic                        | 108.9             | 522                             | 30.6%                        | 1  |
| NM, American Indian                 | 65.5              | 75                              | 24.2%                        | 1  |
| NM, Black                           | 92.5              | 23                              | 35.4%                        | 1  |
| NM, Asian or Pacific Islander       | *                 | 22                              | 30.2%                        | 1  |
| NM, All Races Combined              | 114.4             | 1,511                           | 31.2%                        | *  |
| US, All Races Combined <sup>§</sup> | 128.3             | 252,710                         | 29.6%                        | 1  |
| <i>Mortality</i>                    |                   |                                 |                              |  |
| Race/Ethnicity                      | Age-adjusted rate | Average number of cancer deaths | Percent of all cancer deaths | Rank among all cancer deaths <sup>‡</sup>    |
| NM, Non-Hispanic White              | 23.3              | 170                             | 17.6%                        | 2  |
| NM, Hispanic                        | 18.2              | 87                              | 15.6%                        | 1  |
| NM, American Indian                 | 11.7              | 13                              | 12.4%                        | 1  |
| NM, Black                           | 22.4              | 5                               | 21.8%                        | 1  |
| NM, Asian or Pacific Islander       | -                 | -                               | -                            | -  |
| NM, All Races Combined              | *                 | 277                             | 16.6%                        | *  |
| US, All Races Combined <sup>§</sup> | 19.9              | 41,951                          | 14.8%                        | 2  |

<sup>†</sup> Rates are per 100,000 and age-adjusted to the 2000 US standard population.

<sup>‡</sup> Rank was determined by sorting the rate.

\* Please refer to the race-specific age-adjusted rates and ranks.

<sup>§</sup> US incidence rates obtained from Surveillance, Epidemiology and End Results (22 Registries); US mortality rates obtained from National Center for Health Statistics; number and percent of new US cases and cancer-related deaths obtained from American Cancer Society. *Cancer Facts and Figures 2017*.
