

Advance Your Career with UNM College of Pharmacy

PHARMACIST CLINICIAN 6-MONTH INTENSIVE TRAINING PROGRAM

The University of New Mexico College of Pharmacy invites you to elevate your pharmacy practice and meet the growing need for healthcare providers in rural and underserved communities across New Mexico. This certificate training program provides licensed pharmacists with the skills and training needed to provide patient care as a licensed Pharmacist Clinician.

Apply now and contribute to a healthier New Mexico!

Program Highlights:

- **Duration:** 6 months
- **Total Program Cost:** \$6,000 (includes a \$1,000 deposit applied toward tuition)
- **Flexible, Hands-On Training:** Includes a minimum of 150 patient contact hours, with documented patient interactions, didactic coursework, and real-time case discussions via Project ECHO.
- **Clinical Refresher Courses:** Asynchronous and live learning to refresh clinical knowledge as it applies to patient assessment and disease state management.
- **Interprofessional Learning:** Collaborate and engage in layered learning with a variety of health care professionals.

Admissions Requirements:

- Graduate of an accredited College/School of Pharmacy
- Licensed as a registered pharmacist in New Mexico
- Completed UNM's or NM Pharmacists Association's Physical Assessment (PA) Course or equivalent with attainment of $\geq 80\%$ on UNM PA Examination

Accepted Applicants Must:

- Commit to at least 8 hours/week for patient contact
- Complete all training components within 6 months
- Present monthly clinical cases
- Maintain active New Mexico pharmacist licensure and professional liability insurance

Accepted Applicants Must Submit:

- Letter of Intent
- Physical Assessment Course Completion Certificate
