

Certificate Course Completion Checklist
Professional Certificate in
Transformative Ecologies: Food, Farming, and People's Health

Student: _____

Banner ID: _____

Semester Registered: Fall _____ Spring _____ Summer _____

Expected Graduation Date: _____

Academic Advisor: _____

Students may use this worksheet to track their progress toward completing the certificate. To verify certificate completion, completed checklists along with a transcript may be submitted to Dr. Laura Nervi (lnervi@salud.unm.edu) when all courses have been completed. Students will receive their certificates at a ceremony at the end of the semester of completion. The certificate curriculum includes five 3-credit courses: PH 460 (1), PH 460 (2), SUST 1134, GEOG 464, and SUST 410. One of these courses serves as a hands-on practicum experience.

Course Requirements: Population Health Core		Credit Hours Required	When offered	Credit Hours Completed
