- Research
- Public Health

Curriculum

The University of New Mexico offers a Bachelor of Science Degree Completion Program in Dental Hygiene in continuation to the Certificate or Associate Degree in Dental Hygiene.

The RDH to BSDH Program offers an opportunity to expand basic dental hygiene knowledge and skills in areas of concentration including education, management, research, public health, or advanced clinical training.

The curriculum is designed to allow the student to complete the program on a full or a part-time basis. The curriculum is planned to meet the individual needs of the continuing student.

Students must complete all 3 components of the UNM curriculum requirements. (1) Core (2) Residency and (3) Dental Hygiene in order to receive the Bachelor of Science in Dental Hygiene degree. The dental hygiene courses are focused on developing dental hygienists to advance their careers and enhance the profession of dental hygiene

UNM degree completion students are involved in a wide range of activities that can be beneficial to future career endeavors including graduate study.

Affordable Tuition

Tuition rates are flat regardless of a student's residency. **For a student accepted into the Dental Hygiene Degree Completion program, the tuition rate is the same whether residing locally, out-of-state, or internationally.** The UNM Dental Hygiene Degree Completion program offers specifically designed courses at a standard per credit hour fee, regardless of the student's residency status. Regular UNM fees, including the online fee, are not assessed for this program.

Online classes offer:

- Flexibility for daily planning
- Student's choice of best time and place to learn
- Frequent interaction with instructors and other students through online chats, email, and other learning activities
