MOCA® simulation programs focus on presenting scenarios designed to help participants identify knowledge gaps and create ideas for their ABA performance improvement plans. The advanced clinical course for small (three-to-six-person) groups of practitioners qualifies for ABA MOCA® Program Part II and IV credit.

UNM Continuing Medical Education & Professional Development
The University of New Mexico
Maintenance of Certification in Anesthesiology (MOCA®) Simulation Program

The goal of the ABA-required simulation activity is to enhance & encourage participation in Practice Performance & Improvement (PPI) activities. Our MOCA® simulation programs focus on presenting scenarios designed to help the participants identify topics & projects for their PPI programs. A major portion of the simulation process is dedicated to a detailed debriefing regarding the action, decisions, & processed arising in each scenario. Peer to peer, guided debriefing will occupy at least 40% of the education process. Debriefings may also include handouts & brief presentations on key clinical issues.

This simulation course qualifies for both Part II & Part IV credit in the American Board of Anesthesiology’s (ABA) Maintenance of Certification in Anesthesiology Program (MOCA 2.0®). Please consult the ABA website, www.theABA.org, for a list of all MOCA® requirements.

Accreditation:
The University of New Mexico School of Medicine, Office of Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Office of Continuing Medical Education designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Program
The Simulation Education Program of the Department of Anesthesiology and Critical Care Medicine at the University of New Mexico School of Medicine is an American Society of Anesthesiologists (ASA) endorsed simulation center. We will be presenting advanced clinical scenarios for small (3-6) groups of practitioners with the goal of fulfilling the ABA Endorsed Center Simulation Criteria under the MOCA 2.0® program.

All simulation programs will take place at the UNM Basic Advanced Trauma Computer-Assisted Virtual Experience (BATCAVE) facility in the basement of the Clinical and Translational Sciences Center located just north of the UNM Hospital. (https://batcave.unm.edu/)

Maximum Student-Instructor ratio
5:1, Usually 2:1 or 3:1:
• Four or more scenarios will be presented for each session.
• Each participant will be the primary manager in at least one of the scenarios.
• Post-scenario debriefings will include input from peers and instructors.

Core topics recommended by the ABA are:
• Management of significant hemodynamic instability.
• Management of significant hypoxemia from any cause, including difficult airway.
• Principles and practice of teamwork and communication.

Registration
Participant Prerequisite: ABA diplomat seeking MOCA® recertification
Cost: $1,500.00
Duration: 8 hours; 7:30am-3:30pm
Breakfast and a box lunch is provided
Register online at: https://som.unm.edu/education/cme/index.html
Or contact Lauren Kruse at 505-272-3942 or by email at HSC-CMEWeb@salud.unm.edu
Questions: Sally Fortner MD, UNM MOCA® Simulation Course Director SFortner@salud.unm.edu

Refund Policy: Refunds for cancellation will only be available if notice is provided in writing two weeks prior to the scheduled date of course. There is a $40.00 cancellation fee.
Cancellation Policy: The UNM Anesthesiology Simulation Program reserves the right to cancel a session at any time if a minimum number of registrants is not met (refunds or re-registration will be offered). If necessary, the decision to cancel will be made at least 30 days in advance. In the event this conference is cancelled, UNM CME & PD is not responsible for any airfare, hotel or other costs incurred by participants.
