

# Central New Mexico STEM Research Challenge

## PRE-REGIONAL COMPETITION PROJECT BIOSAFETY REVIEW CHECKLIST

**STUDENT NAME:** \_\_\_\_\_

*Check appropriate box to answer each question!*

	YES	NO	N/A
<b>1. Was this project completed in an appropriate laboratory setting (IF REQUIRED by ISEF Rules) with the appropriate level of biological containment according to ISEF Rules?</b>			
<b>2. Did the Qualified Scientist certify the student was directly supervised and provided with biosafety training</b> <i>(according to lab policies, regulations, etc. and indicated via ISEF Form 2...may also be on ISEF Form 3 if the student worked in a Regulated Research Institution)?</i>			
<b>3. Was this project completed in a UNM or other Regulated Research Institution Laboratory?</b>			
<b>4. If YES, did the PI obtain appropriate Biosafety Review Committee approval BEFORE the student began work in his/her lab with biological agents requiring IBC review? If NO, check the N/A box to the right.</b>			
<b>5. Do you concur that this project may advance to compete at the Central NM Science &amp; Engineering Research Challenge?</b>
